Regenerative Grazing Field Day

22

AUGUST

3-STOP FARM TOUR

9:00AM - 4:30PM

Tour three local farms in Melancthon and Clearview to witness regenerative grazing systems at work and meet the farmers behind them! Locally-grown BBQ lunch included.

Riverview Ranch with Mike Swidersky - Double forage production, increase soil organic mater and profitably raise sheep with intensive grazing.

The New Farm Centre - Manage cover crops and increase soil health with multi-species grazing - cattle, poultry and pigs.

Armstrong Family Farms with Steve Martin - AMP grazing using e-collar virtual fencing in a profitable cow-calf and custom grazing operation.

OSCIA Knowledge Sharing Event
